Introduction	4
Objectives of the procedure	4
The Standard Operating Procedure	4

#### Introduction

This SOP sets out the procedure for retrieving recorded telephone calls from the Oak and Synety voice recorders for audit purposes and investigations into complaints and incidents.

#### **Objectives of the procedure**

To support BrisDoc assure itself of the quality and consistency of telephone conversations between staff and patients or professional colleagues by making calls available from the recorders for auditing by Senior Managers and the GP OOHs and GPSU clinical governance teams.

#### The Standard Operating Procedure

# For calls made/received at New Court, Clevedon, Yate, Southmead, Cossham

1. Log into Synety http://www.synety.com/login

Enter username and password

11. Let the recording start to download, tick the box by the green arrow, right click on the black arrow by the save icon bottom right of the screen and select "save as wav"

12. Save the recording into the Governance team folder on the desk top.

- 13. Close down the recording and the voice recorder by using X symbols at the top right hand corner.
- 14. Select internet explorer and enter <u>www.nhs.net</u> in the browser

15. Log into nhs.net and create an email to send to yourself. Opt to attach a document. Select browse to find the Governance Team folder (it may default to this folder), double click on the voice recorder to be emailed (it's file path will appear in the box), select attach and wait for the recording to upload.
